CORE COMPETENCIES

- **Security consulting & risk assessment —** security program consulting, threat and vulnerability review, and written recommendations for facilities, events, and operations.
- **Surveillance systems advisory —** camera and access-system evaluation, coverage planning, and vendor-neutral guidance for protective surveillance.
- **Executive & personal protection support —** close-protection support grounded in the owner's personal-protection background, including protection details in Washington, DC and residential/event assignments in California.

- **Site security operations support —** access control, ID/bag/vehicle inspection, foot and vehicle patrol support, post orders, and incident documentation — delivered in partnership with licensed operators.
- **Operations coordination & staffing support —** duty scheduling, operations coordination, guard staffing support, and supervision support for multi-post programs.

OWNER & LEADERSHIP

Tony Leon, Owner — is a U.S. Navy veteran (Operations Specialist, 2000–2004; USS Constellation and USS Sacramento), honorably discharged and rated 100% service-connected disabled. His private-security experience spans personal protection for the Saudi Royal Family in Washington, DC (Security Assurance Management, 2008–2009), armed residential security under Virginia DCJS certification (2006), and California guard assignments with Barbier Security Group (2013–2014), Mint Security (2024), Canopy Security Group (2024), and X-1 Security (2025). He is small-arms qualified and first aid/CPR trained, and is pursuing California PPO licensure with the goal of serving as the company's Qualified Manager.

LGP's first operations hires — an Executive Secretary & Operations Coordinator and an Operations Manager — started November 2, 2026, and a guard staffing bench is in active development.

WORKING WITH PRIMES & AGENCIES

- Certified SB participation that counts toward prime contractors' small-business commitments on state and local programs; DVBE participation (approved November 2, 2026).
- Licensed guard scope is performed under proper BSIS licensure through teaming and partnership structures — stated plainly in every proposal.
- Owner-led and San Francisco-based: one accountable point of contact, local knowledge of SF facilities and transit environments, and fast response for Bay Area task orders.
- Consulting and advisory deliverables — assessments, post-order reviews, surveillance planning — are available directly today.
